

React Native Developer

ABOUT

A React Native Developer with 3+ years of experience and demonstrated history of working in the information technology and services industry. Skilled in Front-end development, Mobile development, Team Management. Strong engineering professional with a Master's Degree focused in Information Technology from Odessa National University.

EXPERIENCE

- Successfully led the end-to-end development of complex React Native applications, incorporating intricate features and functionalities while ensuring seamless user experiences across both iOS and Android platforms.
- Demonstrated a keen eye for design by crafting visually appealing and intuitive user interfaces, resulting in enhanced user engagement and positive app reviews.
- Collaborated effectively within cross-functional teams, working closely with designers and backend developers to deliver cohesive and feature-rich applications within project timelines.
- Upheld high coding standards and followed best practices, contributing to maintainable and well-documented codebases that facilitate future development and code reviews.

TECH STACK

- React Native
- JavaScript
- Angular
- Ember.js
- Ext.js
- C#
- SQL
- PostgreSQL
- .NET
- CSS

EMPLOYMENT HISTORY

React Native Developer, OwnRock

February 2020 – Present

In my current role as a React Native Developer, I am actively contributing to the design, development, and maintenance of cross-platform mobile applications. Leveraging my expertise in React Native, I collaborate closely with UI/UX designers and backend engineers to create seamless and visually appealing user experiences.

React Developer, Intellex Technologies ULC

September 2017 – February 2020

I have accumulated extensive experience crafting dynamic and responsive user interfaces for web applications. Proficient in leveraging React's component-based architecture, I have successfully translated design concepts into interactive and visually appealing UI components, while ensuring seamless integration with backend systems.

Team Lead / Frontend / .NET Developer, NICE Ltd

November 2012 – September 2017

As a seasoned Team Lead and Frontend/.NET Developer, I have led cross-functional teams in designing and implementing highly responsive and visually engaging web applications. With a strong command of frontend technologies such as HTML, CSS, and JavaScript frameworks, coupled with expertise in .NET development, I have successfully delivered user-centric solutions.

Frontend Developer, HYS Enterprise

April 2012 – November 2012

I have consistently delivered dynamic and visually appealing web applications. Proficient in HTML, CSS, and JavaScript, I specialized in crafting intuitive user interfaces that optimize user experience. I've collaborated closely with design teams, implemented responsive designs, and integrated APIs, ensuring seamless functionality across diverse platforms.

Frontend Developer, Luxoft

July 2011 – April 2012

I excel in transforming design concepts into interactive and engaging web experiences. My expertise in HTML, CSS, and JavaScript enabled me to create elegant and responsive interfaces that resonate with users.

EDUCATION

Master's Degree in Information Technology, Odessa I.I.Mechnikov National University

2013 - 2015

Through a blend of theoretical coursework and hands-on projects, I gained expertise in areas such as software development, data management, cybersecurity, and network administration. The program fosters critical thinking, innovation, and effective problem-solving, preparing me to excel in dynamic IT roles and make significant contributions to the rapidly evolving technological landscape.

Bachelor's Degree in Information Technology, Odessa I.I.Mechnikov National University

2009 - 2013

The Bachelor's Degree in Information Technology program offered a comprehensive curriculum that equips students with a strong foundation in modern technology concepts. I engaged in coursework spanning software development, network administration, database management, and cybersecurity.
