Work experience

01/2019 – now	Senior Data Engineer
I	Appriss
E	Branch: Warsaw
	Short description:
-	my tasks: - analysing, designing and preparing custom python ETL processes for data ngest
-	- improving performance of internal python solutions
	- mapping client's data to ARDM (appriss retail data model) format
	- designing and moving internal processes to Azure (using Azure VMs and Greenplum on Azure)
-	- preparing docker with API for accessing data from Greenplum DB
01/2017 – 12/2018	Technical Consultant
	Appriss
E	Branch: Warsaw
	Short description:
	my tasks:
	- analysing and designing ETL processes for ingesting client's data
	- designing SQL DBs and optimizing SQL queries (indexes, queries more settings change)
	- preparing ETL processes
	- integrating with client's system to ingest data: queues, SFTP, Webservices
	- transforming and importing data to Appriss Secure
	- configuration Appriss Secure according to client's needs
08/2010 - 12/2016	Software developer .NET/SQL
(OSG Records Management
	Branch: Warsaw, Moscow
Ş	Short description:
	Main software developer
	my tasks: - preparing application for processing paper documents: scanning (TWAIN,
	ISIS), files importing, OCR using ABBYY Engine, manual indexing missing data, export according to clients' requirements e.g. multipage tiff files, pdfs with text ayer, xml files, Excel files, WCF Services
	- analysis and designing of processes for documents management received
	from clients - preparing applications for importing data from client e.g. www web sites, WCF
	Services, application for downloading data from FTP
	- integration with clients' systems for importing and exporting data
	- preparing applications and reports for internal company's needs, integration of

	OSG's internal systems - developing and optimizing systems for processing scanned documents - SQL database design, administering SQL Servers, optimization of SQL queries (indexes, queries corrections, adjustment of SQL Server)
02/2010 - 06/2011	Software developer Java University of Warsaw Short description: project for Samsung company, preparing server for testing IMS architecture for smartphones
10/2010 - 02/2011	 Programming instructor University of Warsaw Short description: I was responsible for conducting compensatory classes of programming for first year students

Education

10/2017 - 06/2018	Polish-Japanese Academy of Information Technology
	Big Data - Engineering of large data sets
10/2007 - 06/2012	University of Warsaw Computer Science
10/2006 - 06/2007	University of Warsaw Inter-faculty economic-mathematical studies

Languages

Polish: native English: upper-intermediate Russian: basic

Qualifications

Python, ETL, Azure, PostgreSQL, Greenplum, Git, C#, T-SQL, Visual Studio, SVN, TFS

Certificates

Microsoft Certified: Azure Data Scientist Associate	
Microsoft Certified: Azure Data Engineer Associate	
Microsoft Certified: Azure Fundamentals	
PCAP – Certified Associate in Python Programming	
PCEP – Certified Entry-Level Python Programmer	
Microsoft Certified Solutions Expert (Data Platform)	
Microsoft Certified Solutions Associate (SQL Server 2012/2014)	

Microsoft Specialist (Programming in C#) Microsoft Certified Professional

Exams:

Microsoft DP-100: Designing and Implementing a Data Science Solution on Azure Microsoft DP-201: Designing an Azure Data Solution Microsoft DP-200: Implementing an Azure Data Solution Microsoft AZ-900: Microsoft Azure Fundamentals Python Institute PCAP-NP-31-02: Certified Associate in Python Programming Python Institute PCEP-30-01: Certified Entry-Level Python Programmer Microsoft 70-483: Programming in C# Microsoft 70-461: Querying Microsoft SQL Server 2012 Microsoft 70-462: Administering Microsoft SQL Server 2012 Databases Microsoft 70-464: Developing Microsoft SQL Server 2012 Databases Microsoft 70-465: Designing Database Solutions for Microsoft SQL Server 2012
