Fullstack Shopify Developer

Profile

Passionate full stack web developer with about 10 years of experience, proven track record of almost 50 successful
projects and solved complex technical & business problems during the time.
The fundamental ingredient to successful development is clear communication from the ground up.
Enjoy collaborating with a team, supporting new ideas, sticking with the problem to the end, and always up for something new to learn.
One conversation with me, and you'll feel confident I understand your needs & your budget while being able to contribute my professional input and guidance to help steer you in the right direction.
Looking to put my creativity and passion into my code to grow your revenue exponentially.
