Podsumowanie

Hey there! I am a designer, who is currently living in Warsaw, Poland.

Active and solution-oriented interior designer hustling in today's world.

Always on the lookout for exciting projects to work on and creative people to collaborate all over the world with! I love designing and trying new styles.

I am highly skilled with 3D modeling and rendering on different platforms such as SketchUp + V-Ray, Archicad and Artlantis for both interior and furniture design, which, in fact, is an area I am deeply passionate about, to best serve human emotions. In addition, I am proficient in the Adobe Creative Cloud software.

For reference, I have a MA in Design - Visual Communication and have over 6 years of experience as a professional designer. Feel free to drop me a message for any query!

Key strengths:
